

Our Suggestions for Island Dining

With over 150 restaurants on Grand Cayman, ranging from simple jerk chicken stands, pizza and hamburger outlets (no McDonalds franchise, though), to dining rooms featuring five-star *haute cuisine*, there's a spot for virtually every budget, and every culinary whim. Gourmets won't be disappointed. Needless to say, the following is in no way an attempt to list all restaurants on Grand Cayman that are worthy of mention, nor a listing of paid advertisements. The few, selected restaurants below are simply those that have become our favourites over the years and that we feel offer consistent satisfaction and good value -- considering their pretensions, price, service, quality of ingredients and preparation. A couple are listed simply because they're convenient for guests. There's no particular order to the list below, and no attempt here to rank one against the other. For a more comprehensive list of Cayman restaurants, you might want to check out www.caymangoodtaste.com.

 Turtle Nest Discount

Just added pizza to the menu, from their new brick oven. It's an affordable alternative, and the pizza is one of the best on the island! Situated in Breakers, just a couple of minutes east of Turtle Nest Inn & Condos, this oceanfront landmark is open for lunch and dinner, and boasts a very professional serving staff, and a first-class wine selection. The Lighthouse offers a creative menu of local seafood, continental and Italian dishes, a screened patio, a bar area, and dining on their dock, right over the water!

In place of Portofino, in Gun Bay (just past East End, about 13 miles east of Turtle Nest Inn), this new restaurant offers a few Australian dishes, but many more familiar Caribbean meat and seafood appetizers and full course meals. Chef and owner Ron Hargrave and his capable staff assure you of intriguing dishes, and fresh fish from village fishermen. The setting is on the water and secluded, and the service informal yet generally efficient. Lunch and dinner are served, as well as breakfast on Saturday and Sunday, and a Sunday brunch. Ever eat a hamburger with fried egg and a slice of beet? What about kangaroo or crocodile?

Jiri and Dahema have just opened the Czech Inn Grill in Bodden Town, where Chester's jerk stand used to be. This new spot promises to be a real dining attraction for Inn guests. Close by, offering take-out as well as BYOB terrace dining, the menu is surprisingly varied and the food excellent and affordable. Chef Jiri, who hails from the Czech Republic, is former head chef at Morgan's Harbour and Grand Old House, and aside from many jerk dishes, and interesting burgers (including a jerk burger), fresh, local fish, steak (the most expensive dish at C\$18), on offer are chicken schnitzel and other Eastern European specialties.

The Brasserie restaurant, hidden in Cricket Square (George Town), is a sleeper. In spite of the French name, the menu is eclectic, and includes affordable snack dishes, weekly "theme nights", and full, classic dishes. However difficult to categorize, the cuisine at The Brasserie is imaginative, and a sure bet for a pleasant surprise, for lunch or dinner, is the daily fish/seafood specials -- and Monday evening's three-course meal for two with a bottle of wine, at CI\$89 per couple, is a great deal. No culinary sampling of the island is complete without at least one visit. The tasteful "plantation" decor is a pleasant visual surprise, as well. Closed on weekends.

Located in Galleria Plaza, along Seven Mile Beach, this spacious restaurant includes a bar, lounge, dining room, a very pleasant outdoor terrace, and plenty of available parking out front. It's open from 11:30am to 1:00am daily, with food served all day long. Very good selection of wine, and a menu which includes ceviches, fish, pasta and meat, with a number of Peruvian dishes and daily specials. Excellent service and a very flexible response to any particular request for modifying a dish. Excellent salads and a herb-crusted rack of lamb. But fish is the specialty here.

Located at the rear of the Grand Harbour Shopping Centre, near the Hurley's supermarket. Smokers can indulge on outdoor terrace of the sports bar. The menu has a little of everything that you would expect at a bar -- nachos, wings, quesadillas, burgers, and even wood fire pizza, which is pretty good. Breakfast specials are available on Saturday and Sunday only. Conveniently located from Bodden Town -- well before George Town and most traffic.

Whether for lunch or dinner, at least one visit to this terrific and very affordable ocean front terrace in West Bay is a must! The very extensive menu offers something for everyone, from appetizers, sandwiches and pasta to full meat and seafood dishes. The pizza is one of the island's best, and there's a decent selection of wine and drinks. Very limited inside seating (in case of rain), but much less pleasant than a table overlooking the Caribbean. Great food at bargain prices and attentive service by Millie and her staff. Well worth the trip, weather permitting!

This "sports bar" offers indoor and outdoor dining along West Bay Road, opposite Seven Mile Beach. Limited but adequate wine list, but extensive beer selection, including several craft beers. What sets this dining spot apart from similar establishments is the menu, which features many imaginative and delicious appetizers, sandwiches and main dishes. Among them is a plate of roasted Brussel sprouts and chorizo, and various versions of poutine, a dish which hails from Québec, with hand-cut fries covered in BBQ gravy and melting cheese curds. Recent variations include a jerk chicken poutine. Menu is regularly updated, but always includes several salads, as well as daily specials.

This little gem in East End, with a few tables inside and outside, is worth the detour. Talented Chef Remy, formerly of The Lighthouse, offers an original assortment of Indian, Chinese and local fare, and will pretty much modify any dish to your needs or liking. An excellent and unique hot and sour soup, along with spring rolls and chicken satay are among the many appetizers. Main courses include a local catch of the day, seafood curry, Manchurian chicken, chicken tikka masala, and a Szechuan chicken dish. There's a small wine list, and prices are reasonable. If you're staying at the Inn -- or just passing through Bodden Town -- this spot is a must! Fresh fish and the trimmings, expertly fried before your eyes, just 200' down the beach from the Inn. Only open on Fridays, Saturdays, Sundays, and on public Holidays. You can bring your own wine and beer and enjoy the delicious food at a table under one of the thatched gazebos on the beach. Located just behind Lorna's Texaco station, the convenience store, and small liquor outlet. Located in Breakers and just a few of minutes east of Turtle Nest Inn & Condos, this oceanfront restaurant offers a relaxing atmosphere and very good local cuisine at affordable prices. It's in fact just a couple of hundred feet before the Lighthouse restaurant. This is one of few restaurants with tables right on the beach, literally at the water's edge, illuminated by a gas torch permanently installed in the water!. There's also an indoor dining room and bar. They have a delicious seared tuna with wakame salad among their appetizers; tasty lobster tail, juicy pork chops, as well as a couple of very good pasta dishes among their entrees, along with a decent selection of wine and beer.

Located on the waterfront in North Side, this lively and informal beachfront restaurant and bar serves good and reasonably priced Caribbean and Cayman fare. Known for delicious fresh fish dishes, Over the Edge is open for breakfast, lunch and dinner, offers take-out meals and a seaside terrace. The menu and staff are the same as The Edge, which regrettably closed its doors in Bodden Town at the end of September 2003. Service is very informal -- and quite slow at times -- but this is a fun spot for when you're not in a rush. A good "pit-stop" on your way to or from Rum Point and Cayman Kai.

This "Mexican Kitchen & Tequila Bar" is located along Seven Mile Beach, just off West Bay Road and across from the Strand, where "Gateway of India" used to be. They claim to specialize in regional Mexican dishes and the freshest of ingredients. Very good food – perhaps a little more "TexMex" than Agave Grill – and very reasonable prices. Best bet for a main course is their wide choice of small "signature tacos", less than C\$6 each. Any two plus perhaps a selection from their delicious appetizers, ceviches, soups or salads will fill you up – or just three tacos. The Mexican green salad was original and excellent. Other favourites were the baby back ribs appetizer and, among the tacos on offer, the Carne Asada and Pollo Asado. Very pleasant service and ambience.

Conveniently located about a two-minute drive from the airport, this restaurant is a perfect "last meal stop" for guests with afternoon or evening flights. Along with the mouthwatering warm fritters with butter you'll get as your complimentary appetizer, their lunch/dinner menu includes a tasty selection of pastas, sandwiches, and pizza just to name a few. Their Cracked Conch appetizer is addictive with the three different spicy dipping sauces that it comes with. The Oxtail Shepherd's Pie entree is a unique twist to this long-standing recipe. If a Mojito is your drink of choice, you'll be intrigued by their Mango-Ginger or Dirty Coconut flavor options. It doesn't hurt that this restaurant boasts a relaxing, marina/sea view or that they have an outdoor pool for the kids either.

Good food and service at a superb, oceanfront location in South Sound. The Grand Old House seems to present itself as a spot for "special occasions", but it's not any more costly than other upscale dining spots -- and more worthy of its pretensions than many. It's a big operation, with dining areas inside and out, and some of its marketing may suggest a "tourist trap", but the food -- continental and Caribbean fare -- is consistently delicious, the service attentive and efficient, the choice of wine extensive, and the ambience most romantic.
